

Monroe County Radio Interoperability Committee

Minutes January 11, 2017

Meeting called to order at 19:05 by Neal Rohlfing

No introductions needed.

Motion to Approve of Sept and July meeting minutes was made by Delbert and 2nd by Ryan. Motion passed.

Old Business:

ISSI progress:

1. Missouri is having issues, they need license for St. Charles, St, Louis County and Jefferson Co.
2. MOU between Illinois and Missouri is next issue that will take some time to fix.
3. Getting STARCOM to agree to the MOU will be a big hurdle.
4. Paul will look at getting Jefferson County only to sign agreement since that will help us but not entire region.

UPS Batteries: The Sheriff wants alarms for UPS so Paul will work on it

25 Cities Project- No work done on this project

New Business:

800 Repeater- still need FCC Frequency. Les at Warner will be back Feb 1 and we will contact him to work on these.

The repeater was purchased some time ago but we are waiting for the frequencies from Warner, initial thought was to place at Brinkman's farm to shoot up 156 to help with coverage between old and new town.

There was discussion about putting this repeater at the Harrisonville Levee District Pump house to help with the coverage along the bluff instead of Brinkman's farm. It was decided to talk with Jefferson County to see if we could do something on one of their towers or complete the ISSI with them to help instead of using the pump house.

In Car Repeaters- The Sheriff requested that Paul talk with a salesman in reference to in car repeaters. After the conversation it was determined that this will not improve coverage.

Siren frequency for Columbia- Columbia is upgrading their outdoor warning system and they will be using Tx and Rx of 158.9325 PL 203.5. Everyone was OK with this.

STARRS Microwave System Acceptable Use Policy- Paul presented a hard copy of this if anyone would like a copy. It was recommended to give a copy to the county clerk to file.

No Public Questions

Nest meeting will be March 8, 2017

Motion to adjourn was made by Paul and 2nd by Lindy

Meeting adjourned at 1945

Attendance:

Scott Soma

Paul Tipton
