

Monroe County Interoperable Radio Committee

Minutes November 8, 2017

Meeting was called to order at 19:01 by Sheriff Neal Rohlfing

Motion to approve minutes from September meeting was made by Jeff P and 2nd by Vicki K. Motion passed.

No introductions were needed.

Old Business:

ISSI Update: Paul stated that STARRS formed a new committee to work on the ISSI project and he has volunteered to be on it. Neal stated that he would go to the next meeting with Paul.

800 Repeater: Something in the Motorola system held up the ordering of the repeater from Futurecom. That problem has been fixed and we are just waiting for it to be built. We have received the radio from Motorola that is going to be used in the repeater.

Columbia Siren Install: The installation is complete, they are waiting on Paul to finish with the radios.

UPS batteries for Columbia radio bay: They have not been ordered yet, Paul will be working on it soon.

Moving Waterloo PD to their own talkgroup: It has been tabled for now, the sheriff is going to talk with Waterloo in the next week or so to see if a few of the issues that the dispatchers thought of could be worked out prior to doing this.

New Business:

Putting the Motorola T1 line on the Microwave: Paul talked to them in the past about doing this and they claim that they pay \$180 per month for the T1 line but with the thought that AT&T is wanting to discontinue all T1 lines and go to fiber we might be able to work something out. Paul will follow up with his contacts.

LEADS on Microwave: It was also discussed that Paul would like to see us put the LEADS on the microwave due to the unknown costs when AT&T discontinues their

T1 lines. Paul will get with Dan Hannon to get the contact information to discuss this further.

Motorola Users Group Meeting: Motorola is holding a user's group meeting on November 14 at 10:00 am at the Plainfield Fire Department and Paul said if someone drives he will go with them. Jeff P will see if the Chief will allow him to go, everyone else had prior plans.

Columbia Tower: No one contacted Columbia PD to advise that they wanted the tower so Whisper is going to come and remove it.

Public Questions: None

Next Meeting is Jan 10 at 7:00 PM in the EMA Office

Motion to adjourn was made by Jeff P and 2nd by Paul.

Meeting adjourned at 19:30

Attendance:

Ryan Weber

Neal Rohlfing
